Academic Details

- **Bachelor of Science (Mathematics)**
University of Mumbai, Mumbai
CGPA: 7.13/8.5 (2023)

Soft Skills

Time Management | Teamwork | Critical Thinking

Technical Skills

- **Programming Languages:**
HTML, CSS, Javascript, Java
- **Frameworks:**
React, NodeJS, ExpressJS
- **Databases:**
MongoDB

Core Competencies

Software Development Life Cycle

Restful API

Debugging

Web Services

Performance Optimization

Certifications

- **Full Stack Development**
Newton School, Remote
November 2022

Personal Details

Date of Birth: 13th April 2002

Languages Known: English, Hindi and Marathi

Address: Mumbai, Maharashtra

Profile Summary

- Currently pursuing a **full-stack developer** course with a strong foundation in **programming**.
- Proficient in **HTML, CSS, JavaScript**, and **React.JS** for front-end development.
- **Gaining proficiency** in **backend technologies** such as **NodeJS, ExpressJS**, and **MongoDB**.
- Passionate about creating **dynamic** and **interactive** web applications.
- Experienced in collaborative environments, working with **cross-functional teams**.
- Dedicated to continuous **learning** and **professional** growth in **web development**.

Projects

Reddit Clone

November 2023 - December 2023

Tools: React, Javascript, HTML, CSS, Tailwind CSS

Developed a Reddit clone offering a comprehensive platform for discussions and community engagement, mirroring the original Reddit features.

Responsibilities:

- Infinite scrolling home page, subreddit pages, individual post pages, commenting, nested comments, post submissions, and user profiles.
- User-created communities for tailored discussions.
- Post creation and interaction with editing capabilities.
- Soucre code : https://github.com/sumit2456rana/reddit_clone
- Hosted link : <https://mellow-crumble-69f3f2.netlify.app>

Sony LIV - Clone

August 2023 - September 2023

Tools: HTML, CSS, JavaScript, React

Built a streaming platform replicating Sony LIV with a vast content library and seamless user experience.

Responsibilities:

- Streaming Video Content: Watch a variety of TV series and films whenever you want.
- Easy Search: Find your favorite content quickly and easily with our user-friendly search function.
- Access from Anywhere: Easily watch on your phone or tablet for your own entertainment.
- Source code : https://github.com/sumit2456rana/sonyLiv_clone
- Hosted link : <https://sony-liv-clone-coral.vercel.app/>

Internships

Ronit Infotech Solution

February 2024 - April 2024

Frontend Developer Intern

- Contributed remotely as a web developer at Ronit Infotech Solution, focusing on **front-end development** using technologies such as HTML, CSS, JavaScript, and React.js.
- Developed **dynamic and responsive user interfaces** for web applications, leveraging React.js to create interactive components and enhance user experience.
- Collaborated with team members remotely to translate design mockups into **functional front-end components**, ensuring **consistency and usability across platforms**.
- Demonstrated strong communication and time management skills while working remotely, successfully meeting project deadlines and delivering **high-quality code**.
